ORDER No. G. 3167-88—P. & S. 79-30-12, DATED 14TH OCTOBER 1931.

Under the Government Order, dated 15th April 1919, read above, if the matter published in the Gazette on behalf of Local Bodies is within a quarter of a page, line account is charged at 8 annas per line for the first insertion, 6 annas per line for second insertion and 4 annas per line for the third and subsequent insertions and for matter exceeding that size, actual job cost rate is charged.

In the course of the audit of the accounts of the Government Central Press for the period ending 31st March 1930, the Comptroller has raised the question why the enhanced rate sanctioned in Government Order dated 13th September 1926, read above in the case of private parties was not made applicable to the Local Bodies also. The Superintendent, Government Printing having been consulted in the matter recommends that the rates now charged to Local Bodies may be enhanced by 50 per cent all round, including job cost rates.
